

	Autumn Term	Spring Term	Summer Term
	Curriculum:	Curriculum:	Curriculum:
	Teacher 1: Development of the Symphony: overview and case studies 1750- 1830 Students will learn about where the symphonic form came from, and what typifies it across the years 1750-1900. They will then look in detail at 7 case study symphonies, starting in 1750 and working up to 1830. This will include Mendelssohn's Italian set symphony, movements 1 and 2. Compositional Techniques: Baroque Students will learn how to use typical 'fingerprints' of Baroque	Teacher 1: Haydn's London Symphony Students will study Haydn's London Symphony (no. 104) in depth as the set symphonic text, focussing on movements 1 and 2 Compositional Techniques: Classical Students will learn how to use typically Classical techniques in their composition, with a focus on writing for string quartet. Performance: Curating a recital Students will begin to think about what makes a good recital	Teacher 1: 20 th Century '-isms' Impressionism – Expressionism and Serialism – Neo-Classicism In the first half term we will look at four different musical styles that developed in the first decades of the 20 th Century. Debussy In the second half term we will explore one of the two 20 th century set works; Debussy's Nuages. Compositional Techniques: Romantic
	composition, working in up to four parts and observing a set of rules drawn from the compositions of Bach.	programme, and put together a short recital for public performance	Students will learn how to use a variety of Romantic techniques with a focus on writing for piano.
Year 12	Performance: Introduction to Solo Performance Students will develop performance skills on their chosen instrument, learning about the three strands of assessment for performance. Aural Analysis Skills 1 (throughout the year)	Teacher 2: Popular Music –Students will study Gospel, Motown and Country music during this term, with ample opportunity to perform as part of an ensemble to help consolidate information learnt throughout this term. Students will focus on the area of assessment 2 within the area of study. This includes one question on an unprepared musical extract and a comparison question based on two unprepared	Teacher 2: Free Composition Students will begin work on their free composition. Performance – Students will prepare for their performances taking place next year. Students will complete mock
	Students will learn how to describe music in detail using sophisticated terminology. They will also develop dictation skills.	extracts assessing wider understanding of the area of study.	assignments and ensure they feel comfortable and confident with their choice of pieces.
	Teacher 2: Popular Music – introducing key concepts that differ from GCSE music to A-level, students are given past papers and key 'listening skills' to help with identifying features. Students will study Rock n' Roll, Classic Rock, Folk, Soul and R&B during this term, with ample opportunity to perform as part of an ensemble to help consolidate information learnt throughout this term.	Free Composition – Students will begin their 'mock' free composition.	
	Free Composition – Students will focus on key compositional techniques studies with the Popular music scheme of work and key compositional techniques from other areas of study. Students are given ample opportunity for feedback and work to a		

set of compositional briefs to ensure students have started multiple compositions by the end of this term.
